

# EXPLORE® Interactive Whiteboard

Collaboration anywhere, anytime. The mobile whiteboard is designed for interactive ultra short throw projectors and offers a canvas for interactive learning, brainstorming and connection.

## Short-Throw Projector

Designed for use with an interactive ultra short throw projector 20 lb or less

## Low Glare

Whiteboard surface is a low-glare magnetic porcelain that eliminates projector bright spots

## Shelf

Included shelf is the perfect storage for markers and erasers

### Accommodating

The projector mount slides for adjustment of image size and for easier transportation from one room to the next.

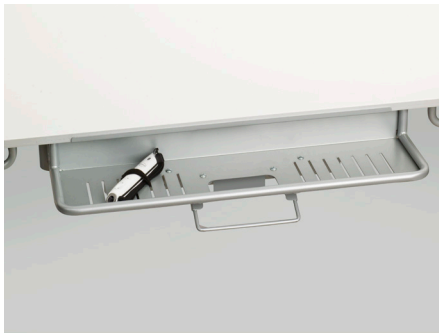

### Locking Casters

Four 4" casters, each with locking brake, are secured to the base.

### Laptop Platform

Laptop platform supports up to a 17" laptop computer. Includes adjustable clamps that rotate 270°.

### Marker Tray

A 23.3 x 5.5 inch tray mounts below the whiteboard and is slotted to allow electronic pens and remote to Velcro in place during transport.

### Height-Adjustable

Height adjustable by the use of a gas shock to place the image at the appropriate height for use.

### Powered

Includes a UL listed 6-outlet power strip with 20' power cord and built in cord winder to reach an outlet, even from the center of a room.

### Movable

Fits through a 32" doorway and features four 4" locking casters for easy transport.

### Standard Color

Aluminum (AL)

### Safe

The Mobile Interactive Whiteboard has been tested to and passed the UL 10° tip test intended for tall institutional carts.

### Cables

Includes one 10' HD15 UXGA computer cable and one 3 meter (9'8") USB-A to Mini USB-B cable to transfer data between the laptop and projector.
