

EXPLORE® Interactive Whiteboard

Collaboration anywhere, anytime. The mobile whiteboard is designed for interactive ultra short throw projectors and offers a canvas for interactive learning, brainstorming and connection.

Short-Throw Projector

Designed for use with an interactive ultra short throw projector 20 lb or less

Low Glare

Whiteboard surface is a low-glare magnetic porcelain that eliminates projector bright spots

Shelf

Included shelf is the perfect storage for markers and erasers

Accommodating

The projector mount slides for adjustment of image size and for easier transportation from one room to the next.

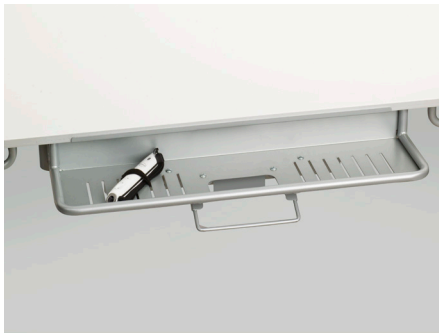

Locking Casters

Four 4" casters, each with locking brake, are secured to the base.

Laptop Platform

Laptop platform supports up to a 17" laptop computer. Includes adjustable clamps that rotate 270°.

Marker Tray

A 23.3 x 5.5 inch tray mounts below the whiteboard and is slotted to allow electronic pens and remote to Velcro in place during transport.

Height-Adjustable

Height adjustable by the use of a gas shock to place the image at the appropriate height for use.

Powered

Includes a UL listed 6-outlet power strip with 20' power cord and built in cord winder to reach an outlet, even from the center of a room.

Movable

Fits through a 32" doorway and features four 4" locking casters for easy transport.

Safe

The Mobile Interactive Whiteboard has been tested to and passed the UL 10° tip test intended for tall institutional carts.

Cables

Includes one 10' HD15 UXGA computer cable and one 3 meter (9'8") USB-A to Mini USB-B cable to transfer data between the laptop and projector.

Standard Color

Aluminum (AL)
